It takes an understanding of the dynamics of a specialty horse property. That’s why I’d like to share my real estate, equestrian and training background to finding the perfect fit. By discussing property values, selling points, and preparing your home for sale, we’ll see a shorter time on the market, greater value and, best of all, a seamless experience.

Course Requirements Jumps in ALL Rounds
1. Obstacles must simulate those reminiscent of the hunt field and course must offer a variety of Classic jumps with different appearances such as: natural post and rail, stone wall, white board fence or gate, coop, aiken, hedge, oxer, brush, logs, natural foliage.
2. Natural obstacles such as banks and ditches are allowed.
3. A minimum of 2” difference is required for the back element of all oxers.
4. Ground lines are not to exceed 18” in depth from the vertical plane of the jump. For appropriate jumps, no ground line is necessary.
5. The jumpable portion of any fence must be a minimum of 8 feet on its front face.
6. Flat cups may only be used for log fences and in accordance with Federation rules.
7. Distances will not be adjusted for ponies.
8. Fence height 3’0”.
9. There must be four option fences set at 3’3”.

First Round: Classic Hunter Course
1. A minimum of ten obstacles must be offered in the Classic Hunter Round.
2. May be one in and out or a bending line
3. At least one line with an unrelated distance
4. At least one long approach

Second Round: Handy Hunter Course
1. A minimum of eight obstacles must be offered in the Handy Hunter Round.

The course should simulate riding over hunt country and must have a minimum of two handy options, such as: tight turns, different tracks, clever options for jump approaches, pen type obstacles, hand gallop a jump, trot a lowered obstacle not to exceed 2’6” in height, halt and/or back. Gimmicky options are not appropriate.
3. Unless the prize list states that more than 12 entries are to return for the second round, then only the top 12 horses from the first round, after all ties are broken, are eligible to return for the second round.

Class Specifications
1. Top twelve riders overall (or their designated representative if not available) must ride for ribbons in order to receive prize money.

Judging System
1. First Round - Judged on performance, hunter pace, jumping style, quality and substance, and movement. After the judges base score is given, one point will be added for each high option fence jumped. The Option Bonus Score of one additional point must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence. (Maximum of four points.)
2. Second Round - Judged on performance, hunter pace, jumping style, quality and substance, movement, handiness and brilliance of pace. Handiness is defined as ground saving movement without adversely affecting performance or style. Brilliance of pace is defined as a faster pace than ordinary, without sacrificing performance or style. Handiness is taken into account in the judges’ base score. After the judges’ base score is given, one point will be added for each high option fence jumped. The Option Bonus Score of one additional point must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence. (Maximum of four points.)
